JOIN OUR TEACHER TEAM!

We’re looking for secondary school Psychology teachers to join our Teacher Team and help develop our resources

What’s involved?
We’ll send you a short, 10–15 minute survey no more than six times a year so that we can hear your thoughts on:
• Samples of new resources
• Cover designs
• Marketing materials
• Educational news and issues
• Your priorities and challenges

What will you get?
We hope that you’ll enjoy being part of our publishing and having the chance to shape our resources.
To thank you for your time we’ll also send you:
• A paperback novel from our parent company, Hachette, for every completed survey
• Exclusive discounts on Hodder Education books, digital resources and CPD workshops

Sign up for our Teacher Team and find out more at
www.hoddereducation.co.uk/TeacherTeam
GCSE

INCLUDES:

OCR GCSE (9–1) Psychology NEW PRINT & DIGITAL
Mark Billingham and Helen Kitching

We are working in collaboration with OCR to produce the Student Book and eTextbook.
Help students to build their subject knowledge and understanding with activities, guidance and assessment preparation tailored to the 2017 OCR requirements and brought to you by subject specialist and OCR's Publishing Partner for GCSE Psychology.

• Prepare students for assessment with skills-building activities and practice questions developed for the new specification.
• Progressively develop students’ subject knowledge through accessible diagrams and key content summaries that aid understanding and help weaker students access the main points.
• Build conceptual understanding and critical thinking skills with a wealth of targeted activities.
• Extend learning and enhance responses with extension questions, stimulus material and suggestions for further reading.
• Consolidate understanding of technical vocabulary and core concepts through accessible explanations of key terms.

Essential Maths Skills for Psychology

Author: Molly Marshall
Reviewer: Dorothy Coombs

Prepare them for those Maths questions with this essential guide.

If your students struggle with standard deviation or statistical tests, this is the book for them. This textbook companion will help improve their essential maths skills for psychology, whichever awarding body specification you’re following. You can use it throughout the course, whenever you feel they need some extra help.

• Develop understanding of both Maths and Psychology with all worked examples and questions within a Psychology context.
• Improve confidence with a step-by-step approach to every Maths skill.
• Measure progress with guided and non-guided questions.
• Understand misconceptions with fully worked solutions to every question.
• Feel confident in expert guidance from experienced teacher and examiner Molly Marshall, reviewed by Dorothy Coombs, Editor of ATP Today, former Chair of the Association for the Teaching of Psychology and experienced biology, psychology and FSMQ Statistics teacher.

Essential Maths Skills for Psychology 9781471863530 £9.99

Friday Afternoon AS & A2 Psychology +CD-ROM

Liz Charles

Engaging revision activities and games allow students to apply their knowledge using a variety of learning styles, and to review and reinforce their understanding of key terms and concepts.

• The pack is fully photocopiable and the CD-ROM provides a PDF version for easy printing.
• Activities can be adapted for individual, paired or group work.
• Engages students with activities suitable for revision sessions or throughout the course.

Friday Afternoon AS/A2 Psychology Photocopiable Ring Binder (plus free CD) 155pp 978034094699 £99.99

Cambridge International AS and A Level Psychology Revision Guide

David Clarke

Let students manage their own revision with step-by-step support from an expert.

• Helps students avoid common mistakes with expert advice
• Builds knowledge of key theories and studies with research summaries and evaluation notes
• Improves exam skills with self-testing and exam-style questions and answers

A-Level Magazine

Psychology Review  PRINT & DIGITAL

Editorial board: Cara Flanagan (Senior editor), Phil Banyard, Anthony Curtis and Matt Jarvis

The editorial team, led by Cara Flanagan, commissions articles that are topical and relevant but also encourage students to stretch their knowledge.

For students
• Articles bring fresh perspectives on core psychology topics.
• Key theory and recent research are put into A Level context.
• Looks beyond A Level to studying psychology at university and the diverse career paths it can offer.

For you
• Keeps your teaching topical with articles linking theory to headline issues.
• Additional online resources help to extend your teaching of subjects in the magazine.
• Magazine centrepieces can be used as visual resources to introduce and develop topics in the classroom.

A subscription includes four magazines per year (September, November, February and April).

---

**Teacher Workshops**

Developed and led by Senior Examiners, best-selling authors and award-winning teachers.

**Student Conferences**

Spark discussion amongst your students and prepare them for success by registering for one of our Student Conferences.

**Teacher Webinars**

These practical and interactive 90-minute sessions provide you with an easy solution to fit CPD into your busy schedule.

**Student Webinars**

Support your students’ revision and help them get to grips with the key topics, trickier content and exam skills they will need for success by registering for our Student Webinars.

Psychology: The Science of Mind and Behaviour

Seventh Edition
Richard Gross

Providing an essential foundation for psychology students, this is a revised and updated version of the most trusted introduction, written by the bestselling psychology author.

- Enables students to easily access psychological theories and research with colourful, user-friendly content and useful features including summaries, critical discussion and research updates.
- Helps students to understand the research process with contributions from leading psychologists including Elizabeth Loftus, Alex Haslam and David Canter.
- Fully updated edition, ensures students can understand and evaluate classic and contemporary topics, and are up to date with the latest issues and debates.

Themes, Issues & Debates in Psychology

Fourth Edition
Richard Gross

Stimulate critical thinking with this thematic approach to Psychology – by best-selling author Richard Gross – that integrates topics, theories and areas of research.

- Aids understanding with a thematic approach that provides a historical and theoretical context.
- Encourages a broader, more integrated approach to essay writing.
- Motivates critical thinking to stretch and challenge students in all areas.

Key Studies in Psychology

Sixth Edition
Richard Gross

Summaries of 30 key studies that have shaped the course of Psychology.

With emphasis on how classic theories relate to more contemporary studies, there are links to wider debates in Psychology to help students understand how specific research and issues fit into the science as a whole.

Order form

How to order
• Order online at www.hoddereducation.co.uk/psychology2017 using the ISBNs on each page of the catalogue to find your titles
• Follow the instructions below to complete this order form and return it to our Freepost address

Order form instructions
Fill in the grid below with the Title, ISBN and Price followed by the number you require. Then fill in the Sub-total box, add on the P&P (see box at the bottom of the page) and write the amount in the Total Payable box. You’ll find the title, ISBN and price information on each page of the catalogue. You then just need to turn over to fill in your details before sending or faxing it back to us.

Inspection / Approval copies
Inspection copies allow you to review texts for up to 60 days; if you choose to purchase 15 or more copies you may keep this Inspection copy free of charge. You can also sign up for a digital e-Inspection copy – you get instant access to the whole book for 30 days: no returns, no hassle, and it’s good for the environment too. Visit www.hoddereducation.co.uk today. Approval copies are for photocopiable and/or high value resources and after 60 days must be paid for or returned. To order an Inspection or Approval copy, simply tick the I/A column.

Teaching & Learning Resources

Ready-made resources, multimedia content, lesson planning tools, self-marking tests and progress reporting:

- Group resources, plan, and deliver outstanding lessons using the Lesson Builder tool.
- Share lessons and resources with students and colleagues.
- Monitor student progress through interactive tests.

Exam Question Practice

Exam-style questions, sample answers and examiner comments:

- Work through each element of the exam as a class.
- Assign timed exam-style questions as classroom activities or homework.
- Get exam guidance with subject-specific advice and tips.

Student eTextbooks

Downloadable versions of the printed textbook that are assigned to individual students.

- Use on any device, with on-the-go access via the Dynamic Reader App.
- Add, edit and synchronise notes across 2 devices.
- Choose from 1, 2 or 3-year access options - all cheaper than the printed textbook.

Whiteboard eTextbooks

Online interactive versions of the printed textbook for front-of-class teaching

- Display interactive pages to your class, add notes and highlight areas.
- Launch the accompanying Teaching & Learning Resources for each page when you subscribe to both.

Find out more about Dynamic Learning at www.hoddereducation.co.uk/dynamiclearning

eBooks

Many of our titles are also available as single copy eBooks. These digital versions of our textbooks can be read on most devices and are available from some or all of the following websites:

- Amazon – amazon.co.uk

- Google – play.google.com
- Kobo – kobobooks.com
- Kortext - Kortext.com
- Myilibrary – myilibrary.com
- Overdrive – overdrive.com
- ProQuest- proquest.com
- RM Books – rmbookshelf.com
- Waterstones – waterstones.com
Try before you buy

Inspection Copies
Inspection Copies allow you to review texts for up to 60 days. If you choose to purchase 15 or more copies you may keep this Inspection Copy free of charge.
You can also sign up for digital e-Inspection Copies for 30 days at www.hoddereducation.co.uk.

Approval Copies
Approval Copies are for photocopiable and/or high value resources and after 60 days must be paid for or returned.

Dynamic Learning Trials
Schools and Colleges can trial Dynamic Learning free of charge.
There are no hidden catches or obligations and you will be able to access all the resources associated with the title(s) you are trialling.
We know it’s important that you evaluate any digital resource before you buy it, so you can try Teaching and Learning and our eTextbooks free for 30 days, and Question Practice free for 14 days.
Visit www.hoddereducation.com/dynamiclearning to learn more and trial.
